The Customer is solely responsible of the set-up of the Equipment on the rented vehicle. On this point, by signing the Rental Agreement, the Client declares to exempt and hold harmless Europcar from any kind of liability for any type of damage that may arise to itself, to third parties or to the minor transported on the child seat, due to the wrong use and/or the wrong set-up of the Equipment. In the event of loss / theft / damage of the Equipment, Europcar is entitled to charge the Client with the amount stated in the charging the Customer the costs as stated in the current Tariff Guide.

8.5 – Specific terms of use of the “Upgrade” product.

Where available at the time of collection of the vehicle, the customer can request the so-called product. “upgrade”, which upon payment of an additional fee, compared to that estimated (or paid in the case of pre-paid bookings) at the booking stage, allows the Customer to rent a vehicle of a higher category than that of the customer indicated at the time of booking.

In particular, the product is subject not only to the mere physical availability of the higher category vehicle at the rental office, but also to its availability for the upgrade product (i.e. vehicle not already assigned to another booking). The availability of vehicles for the upgrade service will be reported by the Europcar staff responsible for delivering the vehicles. The cost - additional to the rental cost quoted (or paid) at the time of booking - will be quantified by the Europcar staff responsible for delivering the vehicle, through the application of an additional fee, which will result in an overall cost discounted compared to the rental cost applicable for the rental of the higher category vehicle - for the same rental period - to so-called customers walk-in (rental without reservation).

About that, Europcar staff will quantify the cost of the “upgrade” including the same additional services (e.g. winter equipment, protection packages, etc.) included in the original booking. If the Customer chooses to purchase the upgrade product by renouncing one of the ancillary services provided during the booking phase, this will only be possible upon the Customer issuing a specific written declaration to this effect.

In case of purchase of the “upgrade” product, the rental cost as quantified at the time of booking will be indicated in the “Charges” field under the “basic rental” item, as well as under the “upgrade” item, the integration of the rental cost due in consideration of the purchase of the upgrade product. Furthermore, in the case of rentals that provide optional protections, the cost of such protections will also be indicated as quantified at the time of booking in addition, under the “Protection upg” item, equal to any additional cost of protection due to changes in the rented vehicle (and without prejudice to the above with respect to the fact, such higher amounts will be quantified by Europcar staff to the Customer already during the estimate phase of the cost of the product).

9 - Am I provided with winter equipments?

The customer is made aware by Europcar of the personal, and safety risks involved, also with respect to the imposition of penalties in case of infringement of the obligation to drive the vehicle with the necessary winter equipments, in particular, in the period between 15 November and 15 April of each year.

Snow chains: except for rentals made at stations situated in Piedmont, Valle d'Aosta, Lombardy, Veneto, Trentino Alto Adige, Friuli Venezia Giulia and Emilia Romagna and in the province of L'Aquila in the period between 15 November and 15 April of each year, the Europcar vehicles are equipped with snow chains only at the customer's request and upon payment of a charge on top of the rental amount. The customer may request the rental thereof both at the time of rental, subject to availability, or at the time of the pick up of the rental vehicle.

Vehicles equipped with winter tires: Europcar equips some of its vehicles available in the winter period at certain rental stations with winter tires. The rental of said vehicles may be booked only in certain periods of the year through the website www.europcar.it.

Failure to comply with the rules on the use of the winter equipments shall determine the inapplicability of any liability limitations/ waivers for damages included within the Options of limitations of responsibility and in the Protection Packages eventually subscribed.

10 - What is included in the price I pay?

The information You provide Europcar with at the time of booking (such as the duration of the rental or Your age or any additional Driver's age) will have an impact on the price You will pay. Any change to that information could therefore mean that the price also changes. The price of Your rental will be those in force at the time of booking or at the time You make any subsequent changes to the booking.

The prices (inclusive of VAT) of these charges and fees are listed in the Tariff Guide Europcar attached to the confirmation email (if a rental reservation is made online) or available in Terms and Conditions Section on our website www.europcar.it and at our rental stations. Such charges and fees include without limitation:

- In the event that you incur a traffic violation or other administrative sanction (including non-payment of tolls) related to the use of the vehicle during your rental and you were unwilling or unable to proceed directly to pay it and, as a result, the administrative penalty is served or otherwise communicated to the owner of the leased vehicle, providing evidence of your breach of the obligation - set forth in clause 6 - to drive the rented vehicle in compliance with all the applicable traffic regulations, you will be charged with tolls and fines penalty. In this case Europcar will: (i) collect, to the extent possible, information relating to the administrative sanction imposed to you; (ii) send you to the email address you provided at the time of booking, or at the time of rental, a special information notice containing the information collected and the timeframe required by the administration for payment; (iii) request, if possible, that the administrative sanction be is re-notified directly to your attention, so as to allow you, alternatively, to pay in a reduced amount, or, to appeal the same within the terms provided by law (where the conditions are met); (iv) make available to you a support service, reachable through the dedicated email address: comunicazionemultitepedaggi@europcar.com, through which you can obtain further assistance with reference to administrative sanctions.
- The tolls and fines penalty, does not include the amount of the sanction and any increase thereof applied by the competent Authorities. In the event it has not been possible to obtain discharge and/or re-notification to your attention, or, subsequent to the same, in the event of failure to make timely the payment, we will arrange for the payment of the sanction and the subsequent charging to you of the amount so incurred. The amount of the tolls and fines penalty is indicated in the Europcar Tariff Guide pro tempore in force, which can be reached at www.europcar.it. Please note that for rentals made by companies, corporations and/or in any case customers other than individuals (so-called B2B rentals), the exact amount of the fee for the management and assistance service for administrative sanctions may be indicated in the possible contractual documentation specifically signed with the client;

In case You fail to perform the above mentioned obligations You shall indemnify and hold harmless Europcar against any prejudicial consequence occasioned thereby.

12 - What should I pay attention to when picking up and returning the vehicle?

a) Pick Up

When You pick up the Vehicle from Europcar You will be asked to sign among the others a section on the Rental Agreement that describes the Vehicle's condition at that particular time or accept the same on the electronic device for the execution of the rental electronically (so called Europcar Paperless) for the issuance of the Rental Agreement in the IATA layout.

If You notice any apparent defect or damage that is not described on the Rental Agreement then You should notice and inform of such damage to the Europcar persons within the rental stations as to insert the damage on the informatics system of Europcar and obtain the release of a New Rental Agreement. Failure to request the above mentioned notice for this additional apparent defect or damage, Europcar is entitled to assume that You have accepted the Vehicle in the condition set out on the Rental Agreement and to charge You, pursuant to article 1588 c.c., for any new damage that could be noted by You and the Europcar agent when the Vehicle is inspected by both parties at the time of its return.

b) Return

i) Return of the Vehicle during opening hours of Europcar's station

You should return the Vehicle to the Europcar station, at the latest, on the date and at the time shown on the Rental Agreement. You may return the Vehicle to another Europcar station for the cost mentioned on the Tariff Guide document attached to your confirmation e-mail (if you made the reservation through distance means). This document is also available at the rental stations and/or on www.europcar.it website.

The Hire Period will end when You return the Vehicle to the Europcar station and hand the Vehicle keys and the registration documents to a Europcar agent or its representative.

Any return of the Vehicle at an earliest stage than the date and time mentioned on the Rental Agreement shall not give rise to any reimbursement

When You do return the Vehicle to Europcar You must take the opportunity to inspect the Vehicle together with the Europcar agent or its representative and countersign the "check in" section of the Rental Agreement.

Europcar shall give You a signed document where Europcar declares that the Vehicle was regularly returned to Europcar (for example filling in and signing the check-in section on your copy of the Rental Agreement).

ii) "Out-of-hours" return Service

Europcar recommends to return the Vehicle during opening hours of its stations. However, to meet the specific needs of some of its clients, Europcar offers, in certain stations, an additional "out-of-hours" service

If You opt for this "out of hours" service, You accept that the Vehicle condition report can be drawn by the Europcar agent or its representative without your presence and after the drop off the keys.

In stations offering "out of hours" return services, the above-described procedure (see point 12-b) i)) was adapted to enable

these stations to offer this service in the best possible conditions.

In particular, You have to declare any incident and/or Damage that affects the conditions of the Vehicle on the "CAI form" that is on board on the Vehicle.

Depending on the available systems and the information that You will have received from Europcar, this document must be leaved into the Vehicle or returned with the keys in the "keys drop off box" provided for that effect.

Please note that your Rental Agreement does not automatically ends when You drop off the keys: the Vehicle will remain on the parking space where You will have parked it until opening of the Europcar station that will proceed to the inspection of the Vehicle and close your Rental Agreement. Therefore, Europcar reminds you that you must park the Vehicle on an area provided for that purpose and in a manner so that the Vehicle is not a danger to others or hamper traffic as aimed by the Highway Code. You must also leave the Vehicle registration papers in the glove box.

Providing that the Vehicle is inspected at a later stage – during opening hours of the station – Europcar recommends You to take photographs of the Vehicle in order to keep evidences of the state of return of the Vehicle once it is parked and before the drop off of the keys. Please be aware that such photographs shall clearly show the date and the time in order to be evaluated by Europcar. Once the inspection is made and in the absence of damage, Europcar will send You document where it will be declared that the Vehicle has been regularly returned.

iii) Return of the Vehicle without your presence and during opening hours of Europcar's station.

If you are unable and/or refuse to inspect the Vehicle together with the Europcar agent or its representative, Europcar is authorized to inspect the Vehicle itself without your presence and to register your refusal of a contradictory inventory.

The same procedure as the one described above will be applied (See 12)-b) ii)).

iv) Late return of the Vehicle

In the event that the Vehicle is not returned on the date shown on the Rental Agreement, and if a period of 24 hour elapses without there being any news regarding the delay in its return, Europcar will be entitled to acknowledge the expiry of the rental agreement or, in any case, declare the same terminated pursuant to and by effect of article 1456 c.c. and regard the Vehicle as having been unlawfully appropriated and shall report this to the competent local authorities.

Europcar will also be entitled to start legal proceedings in order to claim the immediate return of the Vehicle. In such case, protections and additional contractual services would have no effect.

In such case the circulation of the vehicle shall be considered as against the will of Europcar and the latter will be entitled to charge You an additional day for each rental day at the rental tariff in effect plus a penalty of 50 euros (Vat Exempt) per extra day (unless You can demonstrate that You have no longer the disposal of the Vehicle through no fault of your own or that the non restitution of the Vehicle resulted through no fault of Your own) and claim to You all the damages and losses suffered by Europcar and all the fines, tolls, penalties or sanctions that falls on the Vehicle as a result of demands issued to it by public administrations for the purpose of identifying the perpetrator or clarifying other circumstances relating to a breach or criminal offence, also with reference to non-compliance with the provisions laid down in articles 94, paragraph 4 bis of the highway code and 247 bis of Presidential Decree no. 495/1992.

v) Use of applications and multimedia features accessible in the Vehicle

When You rent a Vehicle, Europcar may collect and process personal data concerning You and the designated Driver(s) (see section 23 below).

Depending on the Vehicle rented, the manufacturer may offer multimedia applications and/or functions accessible from the Vehicle's dashboard (e.g. diary, video and audio streaming applications, entertainment, messaging, etc.) and may also allow you to download your own applications and/or content.

When You choose to use these applications or functions, You are free to determine what information You wish to share via these applications. You are also solely responsible for resetting them before returning the Vehicle. In this respect, You are notably required to:

- disconnect Your accounts from the multimedia applications and features offered in the Vehicle;
- end Your sessions on these applications and features offered in the Vehicle;
- delete and purge all personal data concerning You from these applications and functionalities, including the dashboard, before returning the Vehicle.

Europcar accepts no responsibility if You fail to do this and cannot be held responsible for any subsequent use of Your accounts and/or access to Your data by third parties via these applications or features during a subsequent rental of the Vehicle.

For more information on the conditions under which multimedia applications and functionalities can be reset and Your data deleted, please consult the Vehicle manual available from the dashboard or the manufacturer's website. Europcar strongly advises You not to use these applications and/or functionalities if You are unable to delete all the information concerning You.

Common rules

In any of the above mentioned cases, at the time of the return of the Vehicle, You accept to be bound to release on the specific field of the Rental Agreement, or on the specific form available at the Europcar rental stations, a statement concerning any eventual accident occurred during the rental, or, that no accident occurred during the rental, and you can eventually enclose all the documents necessary in order to prove your reasons, being agreed that, in case of false declarations, or omitted declarations

followed by a claim by a third party, Europcar reserve its right to charge you with a contractual fine of the amount as indicated in the Tariff Guide Europcar from time to time applicable. In any case, Europcar cannot be held liable for eventual property and/or objects You may have forgotten in the Vehicle. Notwithstanding the above, Europcar, undertakes to inform You in case of found objects in the returned Vehicle, keeping them at Your disposal for the subsequent 30 days after the rental expiry. Expired this period, any objects will be considered as abandoned.

13 - Damages to the vehicle

You will be held fully responsible for all the damages found at the moment in which the Vehicle is returned which where such damage are not reported as pre-existent on the Rental Agreement pursuant to article 1588 of the Italian Civil Code, while you are expected to demonstrate that the damaging event was not a consequence of Your behaviour or omission and that you have kept the Vehicle in custody with the best diligence, taking into consideration the circumstances.

It is understood that the potential signing of any waiver/exemption will not provide for any reversal of the burden of proof. In this cases You may pay the amount as defined below.

i) Damages identified upon return of the Vehicle and in your presence

If some damages are identified upon return of the Vehicle when the inspection made, in your presence and in the presence of the Europcar agent or its representative, and if You acknowledge the damages by signing the statement of return of the Vehicle, Europcar will hand in to You an assessment of repair costs that may be charged to You.

In order to limit the timing of the assessment of the damages (and the related loss of use), we will calculate the cost of damage from the Europcar Damage Estimation Matrix, that can be found in Terms and Conditions Section on our website www.europcar.it and/or at the rental desk.

The Europcar damage estimation matrix has been developed by a primary damage assessment and evaluation company, taking in consideration our discounted costs and fees applied in our favour by the vehicles' manufacturers or by our repairers. Under certain cases, and in particular for certain kind of light damages, (damage called "lieve" and "medio" as specified in the Damage Estimation Matrix), the Vehicle will not be immediately repaired, in such cases we will not include the Loss of Use in the damages quantification (also where the damages are assessed using the Damage Estimation Matrix).

If it will be possible to quantify the amount of the damages at the rental station according to the above mentioned procedure such amount and the applicable damage administration fee will be invoiced to you and charged on your credit card (or by the different means of payment that you wish to use for the rental) at the moment of the check in of the Vehicle.

If You challenge Damages and their invoicing by refusing to sign the statement of return of the Vehicle, Europcar will apply the procedure described below (see article 13)-ii.

ii) Damages identified in case of an out-of-hours return and/or without your presence.

The following procedure will apply:

- If the damage is not listed in the matrix;
- in case of road accidents involving third parties;
- in case of Damages identified and evaluated in your presence Using the Damage Estimation Matrix and challenged by you;
- if Damages are identified during the inspection of the Vehicle by a Europcar Agent or its representative or by the car repairer without your presence (for ex. in case of an out-of-hours return, in case of hidden damages, etc.)

In the above mentioned cases, our Company will engage an independent expert that will evaluate the damage cost, which will take in consideration our discounted costs and fees applied in our favour by the vehicle manufacturers or our repairers. It will be our care to communicate you the amount of the damages in a second moment, together, with the following documents concerning such amounts:

- statement of return of the Vehicle describing all Damages identified;
- pictures of Damages;
- an estimate (quote) of the costs of repair that will vary depending of the nature of the Damage including the relevant loss of use;
- the amount of the applicable damage administration fee.

YYou will be able to challenge Damages identified and their invoicing within 14 days after the sending (by e-mail or regular letter) of these documents by acting pursuant to dispositions of article 24.

If You fail challenging or justifying within the above mentioned period of 14 days, Europcar reserves the right to invoice you for the Damages and the applicable damage administration fee to charge them on your credit card (or by the different means of payment that you wish to use for the rental).

In the case of rentals in favor of subjects other than consumers, together with the aforementioned communication, Europcar will send the relative debit invoice. Any disputes may be usefully explained by these customers within the peremptory term of 14 days from the sending of the communication, under penalty of expiration (by e-mail or letter), according to the methods indicated in the following art 24.

iii) Normal Wear & Tear

Damages having the abovementioned characteristics, where detected at the moment of the return of the Vehicle, will not be charged to you.

Common rules

Please note that depending on the Damage suffered by the Vehicle and the type of protection You have subscribed to with Europcar (see the Appendix 2) You may or may not be charged for the full or for the partial amount of the cost of repair.

You accept at the date of the subscription of this T&C that all the charges that will result due, directly and indirectly, connected to the rental of the Vehicle and even after the billing of the rental, will be made on the credit card used as a guarantee for the payment of the pecuniary obligations arising from this T&C and from the rental agreement.

The final invoice will be issued once all elements of your rental have been settled and not earlier than the day after the Vehicle return date. You will pay or be charged the full amount in one or in several lots depending on the situation. In case of rental of more than one month, a periodical invoice will be issued with the amounts due for the relevant period according to this T&C and to the particular terms and conditions provided in the Rental Agreement.

- If You book a Vehicle online using our website www.europcar.it:
 - You may decide to prepay for what You have booked, for example, the daily rental charge of the Vehicle and accessories for the Hire Period and for any additional mobility services. After issuance of the prepaid booking request if the latter will be accepted, Your means of payment will be debited by the agreed amount and you will receive the related invoice. At the end of the rental, such invoice will be nulled and another final one will be issued, including any other cost eventually increased of any other cost due during the rental (e.g. for the fuel, accessories, etc.). However, the prepayment will be mentioned on the final invoice and what paid deducted from the total amount (still) to be paid.
 - If You decide not to prepay, the amount of the deposit jointly with the rental fees and any cost for the accessories, any

other service, Driver and Option of limitation of responsibility that you will decide to acquire or the Protection Package will be charged at the Europcar rental Station at the moment of the pick up of the Vehicle and before the moment in which you will leave such Europcar's station with the Vehicle. The cost for this will be shown on the Rental Agreement and will be agreed with You before You sign the document.

- Any additional fees or charges will be charged when You return the Vehicle (if they can be calculated at that time).
- If You have incurred extra costs such as fines or tolls or caused damages to the Vehicle, identified without your presence, then Europcar will charge You at a later date, together with any associated administrative fees or penalties (damage management penalty, etc.), once Europcar becomes aware of them following the expiry of the Hire Period. In this respect, You will have a fourteen (14) days period starting from the date of sending (by email or regular letter) of the notification of billing to challenge and justify not being the author of the fine. In case of no objection or justification from You within the aforementioned period, the amount of these administrative fees will be charged..
- In case of prepaid rental booked through tour operators, brokers, websites different from www.europcar.it, the invoice could be issued directly by such tour operator, broker, or by the Company belonging to the Europcar Group owner of the website.
- For customers residing in Italy, the final invoice containing all the charged costs, shall be issued using the Exchange System (SDI) in compliance with Budget Law 2018 which introduced the obligation of electronic billing. The original invoice can be viewed directly from the Revenue Office's web area. One copy may be forwarded to the customer as "courtesy copy" without any tax value, whenever the customer provides details to receive the copy by email. Alternatively, the customer may decide to receive a paper-based "courtesy copy" with the application of an additional fee (see Europcar Price List).
- For customers who are not resident in Italy, the final invoice containing all the charged costs, will be forwarded electronically if the customer provides all the details to receive it by email or alternatively the customer may decide to receive a paper-based copy of the invoice with the application of an additional fee (see Europcar Tariff Guide).
- In the event that after issuing the invoice, the Customer requests a change, like for example, change of name, Europcar will issue another invoice using the Exchange System (SDI) for customers residing in Italy or send the invoice by email for customers not residing in Italy. In any case, Europcar will issue a paper-based "courtesy copy" containing the updated details as requested by the customer and applying the additional fee established for a "courtesy copy" (see Europcar Tariff Guide).
- After accessing the respective account from the website www.europcar.it, customers residing abroad may print out the invoice and customers residing in Italy may print out the "courtesy copy". The invoice and the "courtesy copy" are available online only for rentals concluded in the past 6 months.
- It must be noted that it is the customer's responsibility to ensure that all data provided to issue an invoice is correct and up-to-date.
- If the due date of payment shown on the invoice has expired and if You are not a Consumer (as defined by the applicable laws), You will be liable for late payment penalties of a rate equal to the principal interest rate applied by the European Central Bank's for refinancing operation increased by 5 percentage points, and any other cost related to the debt collection.
- You explicitly agree that failure to make a single payment when due, or delinquency of payment shall entail:
 - o immediate maturity of all outstanding bills, and the cancellation by rights of the Rental Agreement,
 - o that Europcar have the right to demand immediate return of Vehicle.

17 - What if I want to extend my rental agreement?

Save different specific written agreements (e.g. commercial agreements B2B), in case You want to extend the Hire Period shown on Your Rental Agreement You should take the following steps:

- Require by means of phone to the Europcar station of check out the authorization.
- Go to the nearest Europcar Station for the re-issuance of the Rental Agreement showing the different terms and conditions of the rental;
- Pay for the rental and any additional cost

Extension requests involving the Vehicle availability for periods longer than 30 days are not allowed.

Nevertheless, Europcar, depending on the availability and upon the return of the Vehicle and the closing of the rental, may propose the signing of a new contract for the rental of another Vehicle (or of the same Vehicle, after checking the State of maintenance and road test).

If You don't comply with the above mentioned conditions and keep the Vehicle, the terms of the above section "Return of the Vehicle" will apply.

18 - In which cases can Europcar require me to return the vehicle during the rental?

Europcar reserve its faculty, during the rental, to require the reimbursement of the Vehicle as to provide its substitution (e.g. in case the ordinary maintenance of the Vehicle shall occur, or where the Vehicle has reached a seniority/mileage in light of which it cannot be considered compliant with the standards of the Europcar's fleet). In this event Europcar will contact you as to agree the modalities of the restitution and substitution of the Vehicle. Moreover, also in addition to other hypothesis of early termination provided under this T&C, Europcar reserve its right to early termi-

nate the rental, and to require the restitution of the Vehicle, pursuant to and by effect of article 1456 of the Italian Civil Code, following a simple communication by email, registered letter with acknowledgment of receipt, fax or telegram: i) in case of lack of payment, at the date in which are mature, of any of the amount due by You pursuant to the rental, ii) in case of your refuse or lack of acknowledgment of a request of restitution of the Vehicle for its substitution, iii) in case of breach of a singular obligation and duty provided under article 6 above; iv) lost, for any reason, of a valid method of payment for the rental (e.g. expiry of the credit card, insufficient plafond, etc.) and v) where You have undersigned an agreement with Europcar or a form to access to Europcar credit, also in those cases provided within such relevant agreement

19 - What is the fuel/energy policy?

The rules applicable to fuelling/energy and refuelling/recharge of a Vehicle depend on the country of rental and the type of rental product you have selected. Please check carefully the rules applicable for every rental you make. Please ask Europcar's agent for details of all available options when you collect the Vehicle.

All Vehicles are supplied with a full tank of fuel/energy at pick up.

19.1 Fuel Vehicles

For the fuel vehicles, two options may then be made available to you:

Full Tank Option

If You want to agree in advance with Europcar the car return with a minor quantity of fuel than the Full Tank, in order to avoid the charge of the Refuelling Penalty for the omission of refueling, You may subscribe at the beginning of the rental an optional service named "Full Tank Option" (hereinafter "FTO").

- At pick up You pay for the price of the service which is calculated on a forfeit base at the cost of a full tank of fuel for the rented Vehicle.
- You may return the Vehicle with whatever fuel is left in it.
- Whilst the cost of the service is calculated on a forfeit base and Europcar will not reimburse you for any unused fuel

After the purchase of the FTO and until the time of returning the Vehicle, you can withdraw from the purchase of the FTO, returning the Vehicle with a full tank of fuel and showing the receipt of the relative refueling (both essential obligations in order to exercise the right of withdrawal). This will be understood as your intention to withdraw from the purchase of the FTO service and Europcar will reimburse you or, if applicable, will not charge you the related cost.

Full to Full

- We provide you with a Vehicle with a full tank of fuel
- You shall return the Vehicle with a full tank of fuel
- You pay nothing for either refuelling service charge or fuel

At return, to consider the tank as full, different rules are applied depending on the kilometers driven during the rental:

- **You drove less than 100 km:** A valid station ticket will be asked as a proof of refuelling to justify that the tank is full. A ticket is considered valid as regarding the refueling date, the location of the petrol station and the amount refueled. You should refuel a tank at a petrol station situated no more than 25 kilometers from the Europcar's station of return of your Vehicle. Please ask Europcar's agents in stations for additional information on ticket validity.
- **You drove more than 100km:** The visual level of the gauge will be used as a proof of full tank. The tank is considered full if the fuel gauge is at maximum level (8/8).

If the Client selected the option Full to Full and the tank is not full at the return of the Vehicle, you will be charged with a variable cost depending on the kilometers driven during the rental.

- **You drove less than 100km:** You will be charged, as compensation for the missing fuel, with an amount based on the average consumption of the Vehicle for the distance driven during the rental. The average consumption is expressed for 100 km and depends of the Vehicle model. Please note that the price per litre and fuel type will be communicated by Europcar's agents in station. Please ask Europcar's agents in station for additional information on average consumption of the Vehicle model that You rent. Furthermore, in case the fuel missing at the return of the Vehicle is equal or more than 7 litres, the Client will be charged also with a fixed amount as indicated in Tariff Guide (Refuelling Penalty);
- **You drove more than 100km:** You will be charged with a penalty to be calculated as follows: i) the fixed amount indicated in Tariff Guide (Refuelling Penalty) if the missing fuel is more or equal to 7 litres; plus ii) a variable amount to be calculated on the basis of the cost of the missing fuel as observed from the visual level of the fuel gauge. The calculation is based on the missing 8th expressed by the gauge if the gauge is divided in 8 levels or according to the scale indicated on the gauge considering the tank capacity of the rented vehicle. If the needle is between 2 graduations, the missing 8th will be calculated based on the closest graduation. If the needle is precisely in the middle of 2 graduations, the missing 8th will be calculated based on the highest graduation (in Your favor). For example you will not be charged in case the vehicle is returned with the gauge at or above 7,5. See below for an example of fuel penalty calculation.

*If the gauge is between 7 and 8, you will be charged with the above mentioned penalty if the gauge is closer to 7.
e.g. if the vehicle is returned at 7.3, you will be charged with the Refuelling Penalty (in case 7 or more litres are missing) and the variable amount will be calculate on 1/8.*

*If the gauge is under 7, you will be charged with the above mentioned penalty considering the closest missing 8th .
e.g. if the vehicle is returned at 5.8, you will be charged with the Refuelling Penalty and the variable amount will be calculate on 2/8.*

19.2 Energy Vehicles

In case of rental of an electrically powered vehicle, it will be delivered to the Customer with fully charged batteries and you shall return the same at the end of the rental with a residual energy charge of not less than 30% of the total. In the event of non-fulfilment of the aforementioned obligation, Europcar reserves the right to apply the penalties in the amount referred to in the Price List. In any case, the electric vehicles will be delivered to the Customer with the charging cables. The Customer undertakes to keep and return the charging cables together with the vehicle, and acknowledge that in the event of damage, loss, non-delivery and / or theft Europcar reserves the right to apply the penalties in the amount referred to in the Price List..

20 - Must I pay a deposit before picking up the vehicle?

When You pick up the Vehicle, You grant a credit card authorization for a deposit. The deposit is intended to cover additional rental costs. If You have paid for your rental in advance, the amount of the deposit is 500 EUR (or the equivalent in local currency). If You have not already paid for your rental when You made the reservation, the rental cost will also be blocked to your credit card. In this case, the amount blocked to your credit card will be the rental cost plus any additional purchases you may make at the desk when picking up your vehicle plus 500 EUR (or the equivalent in local currency).

In any case, the final amount is stated on the confirmation email which is sent to You when You make your reservation and in the Hire Agreement. Please note that deposit shall be released at the end of your Hire Agreement if no other costs are payable. Considering that the deposit is intended to grant the payment of possible charges due, for example, to damages/deterioration/theft/fuel missing at return/extra-day/extra-mileage/one-way charge, etc., the deposit amount is calculated on the basis of your liability (namely "Excess") considering the limitation of liability applicable to your rental, even with the regard to the purchase of any optional Protection Package/Damage Option, and the vehicle category. On this respect, in the event you purchase :

- the Medium Protection Package, the amount of the deposit will be 300,00 EUR.

- the Medium Damage Option, the amount of the deposit will be 300 EUR.
- the Premium Damage Option, the amount of the deposit will be 100 EUR.

In any case the set up of the Deposit, with the modalities mentioned above, can be intended as a limitation of your responsibility. Please consider that, in case of Keddy brand's rental, it will be applied the following deposit policy.

If You have paid for your rental in advance, the amount of the deposit is 800 EUR (or the equivalent in local currency).

If You have not already paid for your rental when You made the reservation, the rental cost will also be blocked to your credit card. In this case, the amount blocked to your credit card will be the rental cost plus any additional purchases you may make at the desk when picking up your vehicle plus 800 EUR (or the equivalent in local currency).

In any case, the final amount is stated on the confirmation email which is sent to You when You make your reservation and in the Hire Agreement. Please note that deposit shall be released at the end of your Hire Agreement if no other costs are payable. Considering that the deposit is intended to grant the payment of possible charges due to damages/deterioration/theft of the rented vehicle, the deposit amount is calculated on the basis of your liability (namely "Excess") considering the limitation of liability applicable to your rental, even with the regard to the purchase of any optional Protection Package/Damage Option, and the vehicle category.

On this respect, in the event you purchase:

- the Medium Protection Package, the amount of the deposit will be 300,00 EUR.
- the Premium Protection Package, the amount of the deposit will be 100,00 EUR.
- the Medium Damage Option, the amount of the deposit will be 300 EUR.
- the Premium Damage Option, the amount of the deposit will be 100 EUR.

In any case the set up of the Deposit, with the modalities mentioned above, can be intended as a limitation of your responsibility.

21 - Can I pay my rental with a foreign credit card?

If You are a foreign hirer holding a Visa or MasterCard credit card (with a base currency other than the Euro) You can benefit from the currency conversion facility into the card's base currency when paying for Your rental. The Europcar agent offering this facility to You will enter Your reply into the system and the Rental Agreement will specify the option chosen. In that case, Europcar will take care of the currency conversion, using an exchange rate based on the Reuters index, with 3,25 % exchange fees. If You

wish to change Your mind, You can do so by making the appropriate declaration when returning the Vehicle to the Europcar counter and will be forwarded Your final invoice in Euros. You will, therefore, be insured upon the conditions and up to the level legally required by the country in which you are renting the Vehicle for the consequences that others may suffer as a direct result of your actions whilst you are driving the Vehicle.

An abstract of the conditions of the Third Party Liability Insurance policy applicable to the Vehicle, is available at the rental desk.

Third Party Liability insurance does not cover:

c. In case of accident caused by me, what is the amount of my financial exposure for Third Party Liability toward Third Parties?

However, if you didn't comply with those laws and/or regulations then, whilst our insurer will still fulfil its obligations to Third Parties under the Third Party Liability insurance policy, it may seek to recover from you some or all of the costs it may have paid to that Third Party as a result of the incident.

This will allow us to defend our case against the Third Party (if you are responsible for the incident) or to recover costs from the Third Party (if the Third Party has caused the damage to the Vehicle). The Accident Report form and the Police Report should be transmitted to us within the term duly provided by the applicable Rental Terms and Conditions.

c. What is the amount of my financial exposure?

Provided you have not committed a breach of any applicable laws (including any relevant road traffic regulations and, in particular, relating to the wearing of seat belts and not exceeding the official passenger capacity of the vehicle – for instance if 7 people are injured in a 5 seater vehicle then the Super Personal Accident Insurance will simply not apply at all) then you will be entitled to the protection up to the indemnity limit shown above.

However, if you didn't comply with those laws and/or regulations then our insurer may refuse the cover altogether or, if it can be shown that you were partially responsible for the level of injury you suffered in the collision or incident, it may seek to reduce its liability for the costs.

d. How to notify us a Claim?

It is important that you do your utmost to properly complete and sign an accident Claim Form which will be made available on request. This gives all relevant details of the incident and will allow us to ensure your claim is being handled as efficiently as possible. The accident Claim form should be transmitted to the insurance company within a maximum of three days from the collision or incident.
