

# Abo Europcar

## SPECIAL TERMS

- The subscription can only be booked online at europcar.ch and is only available at the listed Europcar stations within Switzerland.
- The vehicle will be made available for collection at the selected station within max. 72 hours of completing the subscription process.
- The listed subscription price applies to the rental of the vehicle including the kilometre package selected for a period of 30 days.
- The minimum period is 30 days. Longer periods are billed on a pro rata basis, i.e. at the relevant subscription price/30 days x number of extra days.
- The monthly kilometre rate included in the package you book is used to calculate the number of free kilometres you are entitled to during the course of your subscription (for example 2,000 free kilometres/30 days x 75 day subscription period = 5,000 free kilometres). At the end of your subscription period you will be billed for any kilometres exceeding your free total. You will be charged on a per km basis according to the applicable **Abo@Europcar tariff rates**.
- The subscription vehicle provided is covered by our Basic Protection package. This includes fully comprehensive insurance, theft insurance and liability insurance with an excess of CHF 2,000. The excess can be reduced by opting for additional insurance during the booking process. (Further information can be found in the **Europcar General Rental Terms**.)
- When booking at europcar.ch you can add extras such as child seats or additional insurance options. The cost of these will be calculated at the end of your subscription period and added to your final monthly payment. Details of the exact cost of any extras payable at the end are shown during the booking process.
- The ICEV option allows you to use a comparable car with an internal combustion engine (petrol or diesel) free of charge for three (3) days per month commenced instead of the electric car. You will be provided with a vehicle as per the table below.

Category	Electric package	ICEV option
Compact	VW ID.3 / CUPRA Born (DDAE)	VW Golf or similar (CXMR/ CXAR)
Premium	Volvo XC40	VW Tiguan or similar (RFBR)
	Audi Q4 e-tron - 4x4	

If you wish to make use of this option, you must inform your subscription station of the planned vehicle exchange at least 72 hours in advance. The exchange is only valid for a minimum of three (3) days at a time. Throughout the subscription period, any ICEV option days that remain unused at the end of the month can be carried over. With a four-month subscription, for example, you will be able to drive an ICEV for up to 12 days in a row (or for several periods of three days or more).

The free kilometres you book as part of your package are offset against the total kilometres you drive in the electric and ICE vehicles.

# Abo Europcar

## SPECIAL TERMS

- You can call your subscription station at any time before your subscription expires to extend your subscription period. If you return the vehicle late (a grace period of 30 minutes is allowed), you will be billed for an additional day's subscription.
- The maximum subscription period is six months (180 days). Once the six months have expired, you may start a new subscription. For administrative reasons, it may be necessary to change vehicles before the new subscription starts. Europcar will inform you in plenty of time and organise the exchange.
- The vehicle should be returned to the station you collected it from. A fee of CHF 250 will be charged for returning the vehicle to a different station.
- You are not permitted to return the vehicle to a station outside Switzerland. If you do so, you will be charged a vehicle transportation fee of CHF 2,500.
- The subscription offer is subject to vehicle availability.
